Ügyeljen arra, hogy az asztallábak függőlegesen álljanak az összekötő rúdhoz. És ezután húzza meg az összes csavart.

9

Az asztal összeszerelése után nyomja meg a  gombot az indításhoz.

Az asztal automatikusan a legalacsonyabb pontra esik, 3 másodpercig ott marad, majd a legmagasabb pontra emelkedik, és végül visszatér a kiindulási helyzetbe - sikeresen üzembe helyezte az asztalt.
